### PROFILE

---

Experienced Data Analyst adept at analysing and interpreting data, performing statistical analysis, creating data visualisations, utilising SQL and NoSQL databases, developing automations and REST APIs, collaborating cross-functionally, and delivering presentations and reports. Strong skills in Tableau, Excel, and Python.

### PROFESSIONAL EXPERIENCE

---

#### **Data Analyst, Tata Consultancy Services**

06/2021 – present

Bangalore, India

- Analysed and interpreted data to identify trends, patterns, and insights to support business decisions.
- Performed statistical analysis to validate data, identify outliers, and ensure data accuracy.
- Created data visualisations using tools such as Tableau and Excel to communicate insights to stakeholders.
- Utilised SQL and NoSQL databases to extract data and perform data manipulation.
- Developed automations and REST APIs to streamline data workflows, improving efficiency and reducing errors
- Collaborated cross-functionally with teams to provide data-driven solutions to meet business needs.
- Delivered presentations and reports to communicate findings and recommendations to clients and stakeholders.

#### **Automation Engineer, Tata Consultancy Services**

11/2020 – 06/2021

Bangalore, India

- Developed and maintained automations using Python and Veeva to streamline workflows
- Utilised ServiceNow to manage incidents and requests.
- Worked collaboratively with team members to troubleshoot and resolve issues.
- Communicated updates and recommendations to clients.
